

Israel Society of Thrombosis and Hemostasis

Winter Symposium Program

February 23-25, 2012, Dead Sea, Israel

*Conference language is English

Thursday, February 23			
12:00 – 16:30		Registration (check in from 15:00, check out by 11:00, on Saturday by 14:00)	
All sessions are in the Bareket Hall located on G level			
Session 1 14:00 - 16:35		Cancer & Thrombosis	Chairmen: Prof. D. Varon Dr. Y. Nadir
14:00 - 14:10		Conference Welcome	Prof. G. Kenet
1-A	14:10 - 14:40	Basic and Clinical aspects of Essential Thrombocythemia	Prof. G. Birgegård <i>Sweden</i>
1-B	14:40 - 14:55	Extreme thrombocytosis ($> 1000 \times 10^9 /L$) in 339 patients. A report of a four year experience from a single center	Dr. E. Papadakis <i>Greece</i>
1-C	14:55 - 15:15	The role of platelet and their microparticles in tumor invasion	Prof. D. Varon <i>Israel, Haddasah</i>
15:15 - 15:45		Coffee Break & Exhibition	
1-D	15:45 - 16:05	Heparanase procoagulant activity	Dr. Y. Nadir <i>Israel, Rambam</i>
1-E	16:05 - 16:35	Venous thrombosis in cancer. Epidemiologic aspects	Prof. M. Monreal <i>Spain</i>
Friday, February 24			
7:30 - 8:30		Meeting the Expert (in the meeting room on SP level)	
		Presentation of RIETE, The significance of silent PE in RIETE. Open Discussion - How can I join the registry?	Prof. M. Monreal <i>Spain</i> Dr. I. Tzoran <i>Israel, Rambam</i>
Session 2 8:45 - 9:50		Pregnancy & Thrombosis	Chairmen: Prof. B. Brenner Dr. B. Roth
2-A	8:45 - 9:15	Vascular pregnancy complications	Prof. J-C. Gris <i>France</i>
2-B	9:15 - 9:35	Pregnancy and malignancy	Prof. B. Brenner <i>Israel, Rambam</i>
2-C	9:35 - 9:50	Oral contraceptive associated thromboembolism. Retrospective analysis of 72 cases. Long term follow up	Dr. E. Papadakis <i>Greece</i>
9:50 - 10:10		Coffee Break & Exhibition	

Session 3 10:10 - 11:55		Pediatric Thrombosis & Hemorrhage	Chairmen: Prof. G. Kenet Dr. A. Kuperman
3-A	10:10 - 10:40	Pediatric thrombotic complications	Prof. U. Nowak-Göttl <i>Germany</i>
3-B	10:40 - 10:55	Purpura fulminans in the newborn. Report of twins	Dr. A. Ben Haim <i>Israel, Soroka</i>
3-C	10:55 - 11:10	Assessment of functional fibrinolysis in neonates using modified thromboelastography	Dr. R. Sidlik <i>Israel, Sheba</i>
3-D	11:10 - 11:25	Compound heterozygosity of HLA-DRB3*01:01 and HLA-DRB4*01:01 as a potential predictor of neonatal alloimmune thrombocytopenia (NAIT)	Dr. O. Salomon <i>Israel, Sheba</i>
3-E	11:25 - 11:55	Shifting the paradigm in atypical hemolytic uremic syndrome management	Prof. C. Legendre <i>France</i>
11:55 - 12:15		Coffee Break & Exhibition	
Session 4 12:15 - 13:15		Hemostasis	Chairmen: Prof. A. Inbal Dr. B. Katz
4-A	12:15 - 12:30	Conservation of hemostatic system component function between zebrafish and mammals	Dr. Y. Kalish <i>Israel, Hadassah</i>
4-B	12:30 - 12:45	Hemoglobin non recovery following acute coronary syndromes – a marker of poor outcome	Prof. S. Berliner <i>Israel, Ichilov</i>
4-C	12:45 - 13:15	Adjuvant catheter directed fibrinolytic therapy for iliofemoral deep vein thrombosis: A new era?	Dr. A.I. Bloom <i>Israel, Hadassah</i>
13:15		Lunch	
SOCIAL EVENTS			
Thursday February 23 17:30 – 23:00	Traditional Dinner (Bedouin Hafla) at Kfar Hanokdim Masada Sound and Light Show A thrilling sound and light show, presented against the dramatic backdrop of the western side of Masada, tells the story of the rebels' last days at the cliff-top fortress		
Friday February 24 19:00 (Dinner) 20:30 (Show)	Dinner at Royal Rimonim Dead Sea Hotel "Tararam - The Beat of Life" Dance Show in the Barket Hall in Royal Rimonim Dead Sea Hotel An exciting mix of rhythm, movement and music. The Tararam group dance, play and drum on everything in sight in full harmony with original music of Doron Rafaeli.		
Saturday February 25 9:30 – 13:30 13:30	Guided Jeep Tour A 2 hour jeep tour up and around Mount Sodom, part of the Judean Desert Nature Reserve. It is most remarkable because it is made almost entirely of halite, or rock salt. Because of weathering, sometimes portions become separated and look like unique sculptures. and/or Guided Walking Tour in Ein Bokek Stream A leisurely 2 hour walk along the Bokek River Canyon, seeing and learning of the animals and vegetation growing at this only fresh spring water source in the area. Lunch at Royal Rimonim Dead Sea Hotel
